## About Eco Control Systems

At Eco Control Systems, we specialize in providing cutting-edge Home Automation and Hospitality Automation solutions for residential and commercial projects in Azerbaijan. Our commitment is to enhance the comfort, convenience, and sustainability of residential and commercial spaces, transforming them into intelligent environments.

With a passion for innovation and a deep understanding of the latest technological advancements, we offer a comprehensive range of automation solutions that seamlessly integrate with your lifestyle or business needs. From personalized lighting and shading system control to advanced audiovisual systems, our expertise extends to the finest details, ensuring a truly immersive experience for our clients.

As an authorized distributor for renowned brands such as Lutron, Savant, Sonance, Origin Acoustics, CoolAutomation and more, we pride ourselves on offering top-of-the-line products that meet the highest standards of quality and reliability. Our partnerships with these industry-leading manufacturers enable us to deliver tailored solutions that perfectly align with your preferences and requirements.

Whether you're a homeowner seeking to transform your living space into a smart home oasis or a hospitality establishment aiming to create a memorable experience for your guests, Eco Control Systems is your trusted partner. We collaborate closely with our clients, architects, interior designers, and contractors to ensure seamless project execution, from design and installation to maintenance and support.

Our team of experienced professionals combines technical expertise with a customer-centric approach, striving to exceed expectations and deliver exceptional results. We understand that every project is unique, and we take pride in our ability to provide personalized solutions that enhance comfort, energy efficiency, security, and entertainment.

At Eco Control Systems, we believe in sustainability and environmental responsibility. We incorporate energy-efficient solutions into our automation systems, helping our clients reduce their ecological footprint while enjoying the benefits of modern technology.

Discover the limitless possibilities of Home Automation and Hospitality Automation with Eco Control Systems. Contact us today to embark on a journey towards a smarter, more connected, and eco-friendly future.

# ARCHITECTURAL AESTHETIC, INTUITIVE OPERATION

## SUBTLE ELEGANCE FOR ANY SPACE

Buttons and faceplates are flush to each other and feature consistent material to create a clean, minimalist look.

## EASY-TO-USE

Large, tactile buttons with backlit, engraved text are simple to operate and easy to find in a darkened room.

# PALLADIOM

## SHADING SOLUTIONS

Daylight has a quality that we respond to emotionally. Colors read true, finishes reveal their texture, and an uplifting quality pervades any room bathed in daylight. As we become more conscious of our footprint on this planet, we realize that making the most of daylight in our homes simply makes sense. Utilizing daylight reduces our need for electric light, and saves energy. Lutron shading systems provide precision control of daylight – all at the touch of a button.

## EXCEPTIONAL AESTHETICS

Complement interior décor with sophisticated, intuitive controls, and recall your favorite scene with a single button press.

Palladiom keypads are available in a variety of styles and finishes, and are customizable to fit your needs.

[www.ecocontrolsystems.az](http://www.ecocontrolsystems.az)

## ALWAYS DYNAMIC

Technology evolves quickly and you require a system that can adapt to your needs and tastes over time. HomeWorks offers upgrades that keep your system current and ensure that it will continue to deliver the one-of-a-kind experiences you expect in your home.

Enhanced features include:

- advanced dimming technology
- voice and audio control
- more keypad styles
- new shade options
- remote monitoring
- an enriched app

experience

In addition, upgrading products is simple. HomeWorks offers drop-in replacement products, which means no new holes in walls and no noise, dust, or inconvenience.

# SMART LIVING With Lutron

Your HomeWorks system can automatically know when you come and go. You can also adjust lights, shades, and temperature when you are away—around the block or around the world—so you can always stay in control of your home.

# MAKE IT YOUR OWN

## YOUR HOME IN ONE TOUCH

From home and away, Savant makes control simple with every-thing you need in a single, elegant app and remote.

The Savant Remote lets you switch easily between Sonos, Apple TV, cable, Blu-ray, and more from the comfort of your favorite seat.

## PROFESSIONAL AUDIO, PERSONALIZED

With a whole new look and feel, the Savant Music experience now offers a personalized dashboard, plus the ability to search and create playlists across multiple music services.

**SAVANT**

# A SINGLE APP HOME

In your Savant Home, everything is exactly the way you like it. From lighting and climate to entertainment and security, you'll be able to personalize your home and control it all with a touch from a single app.

**SAVANT**

## NOW PLAYING TO ANY ROOM

Whether you're with family or friends, Savant lets you entertain with ease. Personalize the music in any room, sync playlists for parties, and when evening arrives, stream HD video and tap "Movie Night" to turn your living room into a cinema.

**SAVANT**

# HOME IS A TOUCH AWAY

With Savant, you can keep an eye on things from anywhere. View all the rooms at a glance to check in on your family, get notifications if something is amiss, and reset the alarm if necessary. Peace of mind is important, and your Savant Home helps you rest easy.

**SAVANT**

# WIRELESS SMART AUDIO

Wireless smart audio systems, like Savant, offer seamless connectivity and immersive audio experiences. With advanced technology and user-friendly interfaces, they provide convenient control over multiple audio zones. These systems support wireless streaming from various sources, including smartphones and online platforms, ensuring versatility. Through intelligent integration and compatibility with smart home devices, Savant enables effortless audio management, enhancing home entertainment and creating a captivating audio environment.

SAVANT

# INVISIBLE SERIES SPEAKERS AND SUBWOOFERS

Sonance Invisible Subwoofers and speakers redefine audio integration with their discreet design. These innovative solutions deliver powerful bass and crystal-clear sound without compromising aesthetics. Seamlessly blending into any environment, they provide immersive audio experiences while remaining virtually undetectable, enhancing both form and function.

# INVISIBLE SERIES WHERE YOU CAN FIND US

Sonance, James Loudspeaker, and IPORT offer hidden audio solutions that seamlessly blend into any commercial space, emphasizing aesthetics, performance, and functionality. Authentic partnerships and a heritage of innovation define their customer-centric approach.

SONANCE

## LANDSCAPE SERIES

Sonance Landscape Series is a 70V/100V outdoor audio system consisting of small satellite speakers and a range of in-ground or hardscape subwoofers. The system delivers unequalled sonic performance, while the scalable design makes it a perfect solution for hotel, casino and resort gardens, amusement parks, wineries, golf courses, outdoor shopping malls or any large-scale area requiring perfectly even coverage of high quality sound.

## Sonance Soundbar

Sonance Soundbar combines 35 years of proven speaker performance with a sleek single-piece soundbar grille to perfectly match most television displays. With a soundbar to fit displays 55", 65", 75" and 85", Sonance Soundbar ensures a custom look and finish every time while providing class-leading audio performance.

## Soundbars

Sound bars have become a critical element in family room and bedroom theater systems.

Simple to include and easy to install, they provide a huge improvement over the internal loudspeakers in a flat panel television. Reinforced with an in-wall, in-ceiling or freestanding subwoofer they can create an impressive, full-frequency sound field.

SONANCE

## DEEP SUBWOOFERS

## PERFORMANCE SUBWOOFERS

## Subwoofers

Impact Deep and D8 is the edge of your seat moment, just before the world explodes in your favorite sci-fi flick. It is that solitary heartbeat before the bass drops and you dance your heart out in front of the dog and cat. Impact is when the sound rattles your chest and turns your legs to jelly. You need an astonishing subwoofer to capture those moments. Origin Acoustics Powered Subwoofers

### D8 Subwoofer

SONANCE

## EXCEPTIONAL SOUND HIDDEN IN THE CEILING

The Celestial in-ceiling speakers combine great sound performance with flexibility and simple installation and the ability to match even the most progressive interior design. The Celestial speaker range is designed with solutions that can give you discrete background music listening, high performance listening and an involving home theater experience.

## Built for audiophiles

Crafted to meet the needs of even the most discerning of listeners, Beolab 90 brings a truly powerful sound into a home entertainment set up. With no less than 8,200 watts per speaker, 18 premium drivers, 14 channels of ICEpower, 300 watts amplifiers and 4 channels of 1000 watts class D Heliox amplifiers, these speakers ensure music and soundtracks can be enjoyed to their fullest. Learn about the creation of Beolab 90

## Immersive cinema sound tailored to you

We have home theater options for every space and every budget, to help you get the sound you deserve. Explore Custom Theater speakers Series CT800

We can unlock your theater's potential. The innovative custom theater speaker solutions developed by Bowers & Wilkins' experts share all the engineering principles of our core speaker ranges. Every theater room is different, yet every theater room can sound extraordinary.

**CT8 LR**  
Uncompromising 3-way loudspeaker, designed to sit on the left and right of your cinema screen.

**CT8 CC**  
Dedicated center speaker with the exact same driver set as the CT8 LR for perfect timbre matching.

**CT8.2 LCR**  
A unique modular design allows this loudspeaker to be used in horizontal or vertical configuration.

**CT8.4 LCRS**  
This dedicated surround sound speaker is the ideal choice when uncompromising performance is demanded.

# CoolAutomation: Your Hvac systems just got smarter

CoolAutomation is the industry leader in Internet of Climate (IoC) technologies and HVAC automation. Internet of Climate (IoC) is a universal concept designed to allow any indoor climate system to be internet-connected easily, securely, and reliably. CoolAutomation's unique combination of devices and cloud-based technologies are the next evolution of IoT, and are crucial to any professional within the HVAC service, management, or home and building automation industries. CoolAutomation's solutions enable remote monitoring, diagnostics, service, and control of any HVAC system within the residential, commercial, and hospitality industries. CoolAutomation is a global company headquartered in Israel with thousands of customers in over 90 countries..

## Guestrooms & Suites

Create a comfortable, energy-saving environment for your guests' home away from home.

### Energy savings

Control lights, shades, and temperature to automatically reduce energy use.

### Improved guest experience

Simple-to-use, intuitive controls create a comfortable, familiar environment.

### Shade control

Shade controls offer privacy and light control — pull-to-start shades provide familiar operation for any guest.

### Improved operations

Lutron quality, reliability, and performance help ensure that guestrooms stay available for sale. Seamlessly connect suites and provide a comfortable stay for groups of guests.

myRoom prime and plus offer light, shade and temperature control, and save energy beautifully.

# Lobbies & Public Spaces

Lobbies are the face of your hotel — flexible, integrated lighting and shade control ensures your property always makes a great first impression.

## Centralized control

Easily control, adjust, and monitor all the lights and shades from a centralized control using Quantum Vue software.

## Flexible setup

Create automated, preset scenes for different occasions or times of day. Easily adjust or add scenes as the space changes, or for a special event.

## Enhanced experience

Improve staff productivity and help create the ideal guest experience.

# Conference & Meeting Rooms

Preset scenes make it easy to create and recall room scenes — or automatically control lights, shades, and temperature from a single keypad.

**Setup and recall standard scenes**  
Create scenes for meetings, A/V presentations, teleconferences and luncheons.

**Seamless A/V and shade integration**  
Deliver a comfortable, productive environment.

**Flexible, individual fixture control**  
Customized control settings to meet every user need.

Preset scene control offers the perfect atmosphere for meetings and presentations at the touch of a button.

## Restaurants & Lounges

The right atmosphere is key to a memorable dining experience. Intuitive keypad controls make it easy to recall preset scenes, ensuring that the staff can concentrate on the guest experience.

Create and recall scenes for everyday use  
Intuitive controls give your staff peace of mind — from breakfast to dinner, and prep to cleanup.

**Timeclock control**  
Deliver a seamless, stress-free lighting atmosphere.

**Shade control**  
Automatic shade control with manual override ensures a comfortable, glare-free dining experience.

GRAFIK Eye preset scene controls and Sivoia QS Roller shades combine to complement every event, meal, or occasion.

# Facility Management Software

Focused on areas other than guestrooms, Quantum Vue software helps you manage the property's public spaces with features including load shed, scheduling, create favorite buttons, space utilization reports, daylighting and Hyperion solar-adaptive shading.

Quantum Vue

## Building dashboard

Monitor and adjust whole-building performance at a glance. Review energy, alerts, and current occupancy. Simply and quickly create time-based control of facility lighting and shades. Respond to load shed requests automatically, or at the touch of a button.

Quantum Vue

## Optimized building real estate usage

Use Quantum occupancy sensor data (historic and live) to provide reports on space utilization for the entire building or for a particular area. Improve maintenance crew efficiency and make better-informed decisions on repurposing underutilized spaces.

Quantum Vue

## Time-based control of facility lighting

Lights can automatically be set to a preset level or to turn on/off based on the time of day. Shades can automatically raise or lower in certain spaces at specific times.

# Guest Room Management Software

Focused on the guestrooms, HVAC control and room status are unique to myRoom Vue, and provide an optimized experience when interacting with the guestrooms.

myRoom Vue

## Room dashboard

Monitor and adjust a single room or area efficiently. Control and monitor lights, shades and HVAC in the room. Review energy and alerts in the room for troubleshooting and maintenance, or review current room status and enable/disable room automation.

myRoom Vue

## Floorplan navigation

Easily navigate through a visual floorplan of the building. Quickly manage multiple areas, troubleshoot issues, and monitor building performance from anywhere. Pan-and-zoom feature dynamically adjusts the details presented based on zoom level.

- View alerts, lighting status, occupancy, or current energy usage.

myRoom Vue

## HVAC control

Easily view and adjust the current status of HVAC/thermostat settings.

- Control the thermostat settings and adjust set backs based on guestroom status.
- View current and historical HVAC performance for troubleshooting.
